

ATTENTION: Business Or Sales Professional Whose Looking For An “Unfair Advantage” In Their Marketplace...

“How To Quickly Increase Your Sales And Take-Home Profits... With A Time-Tested, Revolutionary SYSTEM For Magnetically Attracting Your Ideal Customers And Clients...Regardless Of What’s Happening In The Economy...”

Keep Reading This Message To Discover How You Can Cherry-Pick Your Ideal Customers And Clients Who’ll Gladly Pay You BIG MONEY For Your Product Or Service...In ANY Economy!

Best Part: You Can Do It With NO Cold Prospecting...NO Cold Calling...And NO 50+ Hour Workweeks (Imagine That!) And 85% Of The Work Is Already Done For You!

Dear Renegade Marketer,

If you own any kind of business...or are a sales professional in ANY field...then get ready. Because what you’re about to discover in this letter is UNLIKE anything you’ve seen, read, heard, or possessed before.

And if you’re just getting started in business and are a “newbie”, then I’m about to prevent you from flushing fistfuls of money down the toilet...

...and wasting TONS of your time...to the point you want to *throw up your hands and give up!*

You might have had customers and clients throwing money at you in the past when the economy was bursting at the seams...

...Even though you were totally clueless as to what worked and what didn’t. What marketing strategies to spend your money on...and what to drop. And just getting by on plain DUMB luck without a fail-safe navigation system.

But those days are over, my friend.

Dan Kennedy, the “Millionaire Maker”, is a serial entrepreneur who has helped hundreds of thousands of small businesses go from broke to 7-figures following his uncommon marketing system.

“Big dumb” companies are starting to hemorrhage profits big time as their sloppy, wasteful “mass advertising” practices are

catching up with them.

And the 'secret cancer' that has eroded so many of these big-name corporations has left them weak, fragile and vulnerable. Their death might be slow due to their size...

...But YOU Could Easily Be Slaughtered!

That is, unless you have a systematic, efficient, and affordable method to target your ideal, high value customers or clients who are ready to give you money over and over again.

Don't have a system? Well, you're in luck. Because today is going to be a true life-altering event for you.

Listen: if you're a sales professional, you know that cold calling and cold prospecting is like coal mining. Dirty, filthy, ugly work best left to those who must make a living by brawn...rather than with brains.

It can be a soul-swallowing siege getting hung up on all the time, the door slammed in your face, and your follow-up calls ignored.

And the customers and clients you DO get literally **suck the life out of you**...or penny-pinch you to death. Making you wonder if you've "lost it" and are better off getting a 9-5 job.

But what if you could spend more...heck even ALL...of your time selling to IDEAL prospects, customers or clients ready to meet with you...

...Listen to you...

...Accept you as an EXPERT advisor...

...And pre-determined to do business with you with absolutely NO price or fee resistance?

Think about how what that would do for your life. How well you sleep at night. And the worry that'll disappear when you have a proven system to attracting your ideal clients.

Is such a life in selling possible? Especially in today's "dark-cloud" economy?

YES! And it is NOW more vital than ever!

Why "Brute-Force" Selling Just Isn't Going To Cut It These Days

Listen: making a top income through sheer persistence, patience, and thick-skinned immunity to rejection just doesn't work in this new economy.

If you **keep reading every single word of this message**, I could make your business life more pleasant, lucrative, and FUN. And I could do it virtually overnight—just as I have for tens of THOUSANDS of people.

My name is Dan Kennedy. And I want you to check out my more valuable-than-ever System for attracting your ideal clients and customers.

Best part? 85% of the work is already done for you. That's right, I've essentially REMOVED most of the "hard work" you have to do to market your business thanks to my "cut-and-paste" System.

Inspect it, examine it, and try it out. Prove beyond all doubt that this System is life changing and capable of creating HUGE income increases for you for a full month **FOR JUST \$99 BUCKS! Less than the cost of a good dinner out nowadays!**

Yes, right now you can test this system out for just \$99 for a full 30 days!

This is Entirely risk free. No B.S.

If you aren't "into it", using it, drawing more from it day after day that you would wrestle six alligators buck-naked in a pit of hot coals to keep it...

...I certainly *don't want even a penny* more of your hard-earned money.

In 30 years of doing this, I've never permitted even ONE person to walk around claiming they wasted their money with

me...and I'm not about to start now!

Get this system. Put it to work. You'll know...fast...that it DOES work.

But, if for ANY reason whatsoever, you disagree, you can simply return it and get an instant, full, 100% refund.

Oh, and you're also backed up by my 365-Day Money Back Guarantee too. So you have absolutely nothing to lose. If you're not satisfied, call the GKIC Concierge at 1-800-871-0147 and we'll refund every penny. No questions asked, no hassle. And we'll still remain friends.

This isn't just a bunch of "pie-in-the-sky" hype. And I'm not some "instant expert" who pretends to know what they're talking about. *More on that later.*

So, What The HECK is This System? It's Actually 3 Things In One...

First of all, it's a set of groundbreaking, practical strategies that I've "moved over" from the direct marketing industry (once called 'mail-order').

This is where I honed my chops, have become a multi-millionaire serial entrepreneur, and have helped HUNDREDS of clients go from zero to millions.

Best part...this stuff can be use in ANY type of business. Large or small.

None of this is "the same ol' wine in a new bottle". Whatever you've gotten in seminars past, whatever you've read regurgitated in a zillion books, whatever you think you know WILL be challenged.

You'll discover a different, better, saner, more productive path to business growth (regardless of the economy) by *attracting ideal new customers or clients*.

Think about it. Having your "slam-dunk" customers and clients come to YOU...without having to chase them with humiliating cold calls and cold prospecting.

Just imagine how much happier you'll be. Think about waking up in the morning with a smile on your face...and not a grimace knowing you're in for another day of struggle and futility.

Best part: these strategies are presented and explained in 12 audio CD's supported by written transcripts for easy reference. So you can refer to them again and again.

Details on that later...

REAL Examples From REAL Businesses And Salespeople...Not "Made Up Stuff"...

Second, this System it is a monster-sized...yet easily usable...TOOLBOX of ready and nearly-ready to use Examples and Samples.

This stuff is organized into 7 business categories (I KNOW you fit at least one!)....so you are not asked to listen, learn and then left to your own devices to do.

If you've ever put a toy together for a kid at Christmas, you know the instructions aren't enough. You need that picture on the box of what it's supposed to look like when you're done!

Well, I not only show you every strategy actually implemented.... I give it all to you as examples you can easily and quickly "tweak" for your own use – including examples marked "copyright-free" for that exact purpose.

If I did all this just for you as a private client, **you'd pay over \$100,000.00**, and many do. In fact, there's a waiting list.

I don't want new clients...so don't ask. And obviously, most small businesses and sales pros can't justify my fees.

But I'm a passionate champion of the independent small business owner and the sales professional.

I hate seeing you targeted for criticism and abusive taxation by liberal politicians.

And it galls me that you (we) are not included when they say "hard working Americans". As if we get our money handed to us by the tooth fairy....

And it further frustrates me to see you "shoveled" outdated, antiquated, tired, old advertising, marketing and sales ideas when you need REAL help.

So here I am. Having put together a TOOLBOX of "What Works Now" for you to implement...so that 85% of the work is already done for you!

You see, I recently did a book promotion tour, appearing for just a few hours in four cities in four days.

I zipped to each by private jet, then on to the next. Very uncharacteristic for me, because I typically refuse travel for business and all my clients must come to me.

With such short stops in each city, you'd assume only local people would turn out.

Not by a long shot.

In each place, over 400 gathered, many flying there themselves from outside these areas, many standing in long lines to get to shake my hand...tell me their "Dan Kennedy strategies success story"....thanking me.

I'm not telling you that to brag. I'm promising you that you'll soon feel the same way.

You'll not only find me "a breath of fresh air", you'll find the TOOLBOX I've put together for you to be so different and so useful and so valuable...

You'll Feel Guilty About How Little You Paid...And You'll Want To Meet Me In Person To Thank Me!

Of course, if you just want entertainment, I would NOT suggest getting my System. I think I'm a pretty entertaining fellow at times, but THIS is not something to be just listened to casually as you drive around town or cut the lawn on Saturday.

It is meant to be USED FOR PROFIT.

Third: it's everything you need for a true Marketing SYSTEM. That means you go to bed at night...every night...knowing (not wondering, wishing, praying, hoping)...KNOWING where your next new prospects or customers are coming from...

...with consistency, reliability and predictability.

This system is in sync with the emerging new economy, where customers have more confusing and competing choices than ever.

You see, traditional ad media readership is falling and fragmented because people are overwhelmed with communication.

With this system, spending is more measured and thoughtful...with direct, targeted outreach to carefully selected, ideal customers – literally the opposite of costly, wasteful mass advertising and marketing.

This system also has "built in" competitive advantage...and "built in" price resistance minimization...setting you apart from all others and *letting you sell in a competitive vacuum.*

That's right, you'll be able to trust and rely on Magnetic Marketing to achieve your sales goals. *It'll be your personal client and customer-getting machine!*

Don't worry, all the specifics are laid out at the end of this letter....so hang with me here. But I'm sure you're wondering to yourself:

"Will Magnetic Marketing Work In My Business?"

Listen: there's something here for everyone! The strategies are proven in over 356 product, service, business, industry

and profession categories, consolidated here into 7 categories:

- Sales Careers (real estate, insurance)
- B2B & Industrial
- Retail
- Professional Practices (Doctors, Dentists, Lawyers, Chiropractors...)
- Service Businesses
- Restaurants
- And of course... Info-Marketing, E-Commerce & Online Businesses

That said, some of the biggest and best breakthroughs are best found “outside the box” of your particular business and field.

So every example in this system can apply, and one “unlikely” example might be “The One” to *light the biggest fire you’ve ever seen in your sales!*

....but every business fits one of these Sections of the Tool Kit, so you’ll find directly relevant examples of the Magnetic Marketing Strategies for YOUR type of business.

This Stuff Ain’t “Classroom Theory...” These Are Samples And Examples From REAL-LIFE Businesses!

Every one of the more than 213 examples and samples is from actual, real-life businesses, entrepreneurs and sales professionals.

Some of the examples are from previous editions of Magnetic Marketing...while other samples are those written and developed for ACTUAL clients.

And others have been developed specifically for this tool kit...for your use...based on successful campaigns.

That way you can create your OWN campaigns in a matter of days...based on PROVEN principles...no “funny stuff” here.

That’s right...these are **real-world strategies and examples** tested and proven under fire. Not academic “theory” from stuffy Ph.D.s in Ivory Towers who have never started a business in their lives....

You see, I CRINGE when I see speakers, trainers and coaches standing up on stage or pumping out audio products...telling you how to do what they haven’t, don’t or can’t.

Seems these days there are a lot of “empty suits” popping up all over the place.

Well, not here.

You see, I live in the REAL world. Where they eat their young every day. And where results rule...and dollars can’t be wasted on “ideas”.

I put my money where my mouth is...in my own business and business interests. And I write copy and create marketing for clients who put HUNDREDS of thousands of dollars at risk on ads or direct mail on my say-so...

...and I HAVE to be right. Otherwise, my “millionaire-maker” status gets raked through the coals.

What I’ve provided to you in this System is real and it works. Guaranteed.

Now you might also be asking yourself:

“Who Exactly Is This For?”

Magnetic Marketing is for progressive sales pros that want top, top level incomes without ulcers and agony...

...And they don’t want to work 50-hour work-weeks either.

...Like a mortgage broker who’s making over \$40,000.00/month.

...Like Craig Proctor, one of the top ten ReMax® agents in the entire world year in and year out. He has his entire business and his coaching of thousands of agents built on the solid foundation of Magnetic Marketing...and has been a client of mine for more than 10 years.

...Like the manufacturer's rep who got his line into Wal-Mart after being rejected for 3 years, the very first time he used my System....

Magnetic Marketing is also for business owners eager to do big things. Like Chris Hurn of Mercantile Capital and Clate Mask of Infusionsoft, whose companies made the Inc. 500 List of fastest growth companies this year in finance and software...respectively...

...like the start-up franchisor who went from 4 to 140 operating locations in less than 18 months, using this System.

...like the local pet groomer who got on the famous *Dog Whisperer* TV-show not once but three times using this System, became an overnight celebrity, and has been flooded with customers...

YES, YES, YES – This Is For You, Too. Do NOT Disqualify Yourself!!!

Do NOT insist that your business "is different" just because I haven't specifically mentioned it here.

Do NOT cheat yourself out of this zero-risk, guaranteed opportunity to "reinvent" your business, "turbo-charge" your marketing, and "liberate" your income.

And why should you take my word on this?

Well, I'm not some Johnny-fresh-out-of-the-box, new kid on the block who spent a weekend writing a book report and turned it into a product to sell to you.

Nor am I some burnt-out old-timer peddling buggy whips.

I've got a solid 35-year track record of making small business owners into millionaires and multi-millionaires...and sales pros into top **6-figure and 7-figure earners** with these strategies.

I'm also as current as next year's news...remarkably and demonstrably adept at accurately predicting business trends...and connecting smart marketing to them ...waaaay ahead of the crowd.

That's why I and this System are endorsed by hundreds of the very top advisors and thought-leaders in so many different industries and fields...

...like Rory Fatt of Restaurant Marketing Systems, advising over 5,000 restaurant owners.

...like Ron Ipach, advising over 2,000 auto repair shop owners,

...Like Chauncy Hutter, who used my System to build a \$4-million per year tax business with 24 locations and 440 employees.

...Like Dr. Tom Orent, advising over 2,000 dentists...

...Like Dr. Charles Martin...who averages \$10,000 per patient at his cosmetic dental practice thanks to my System

...Like Bill Hammond, advising over 1,000 lawyers and law firms,

...Like Dennis Tubbergen, advising over 2,000 financial planners, and...

...Like Dr. Ben Altadonna, advising over 3,000 chiropractors.

...Like Chet Rowland...who went from a dead broke bug guy to a marketing millionaire by using my System in his pest control business.

...Like Al Williams...a commercial lender who uses my System to close clients with fees in excess of \$15,000 per transaction.

You name the category and there's a celebrated, respected leader in marketing linked to me... coached by me.

And you just cannot be in a type of business where my MAGNETIC MARKETING isn't already making somebody *rich, relaxed, secure and happy!*

But you don't have to take anybody's word for any of this...but your own. Why? Because you get two full months risk free as my judge and jury.

Having said all that, it's time to introduce you to:

“But Dan, My Business Is Different!”...Baloney!

Listen: I know there are several of you who are going to automatically disqualify yourself what I’m telling you by saying that “your business is different”.

You see, I have people using my methods for very successful online businesses selling collectibles to Scottish Terrier owners, owners of local funeral parlors, and you pretty much can’t name a business I don’t have raving fans in.

I know I’m an info-marketer by nature, but the marketing lessons taught in Magnetic Marketing go way beyond info-products.

Don’t believe me? Here are some examples of Renegade marketers who boosted their business thanks to my marketing principles:

“From Nothing To 1.1 Million!”

Dr. Rick Schaefer was a little intimidated when he started his niche medical practice in Milwaukee, Wisconsin that treats only severe arthritis of the knee and neuropathy of the foot.

But then he took massive action and implemented every single GKIC principle he could think of...including Magnetic Marketing! The result? In just 11 months time Dr Schaefer went from nothing to 1.1 million per month!

“From The Brink Of Bankruptcy To Tripling Revenue!”

In July of 2006, five feet of water ran through Dr. Eric Dohner's skin care practice in a flood and was almost forced to undergo bankruptcy. He lost over a half million dollars and didn't know where to turn.

Then he used Magnetic Marketing to attract more patients to his renovated practice...and now has almost opened his 4th location! He now had taken control of his business and is no longer beholden to others.

“Made \$1,120,197 In 90 Days!”

Walter Bergeron was stuck spinning his wheels buying “shiny objects”...“tricks” that were supposed to give him a boost in income in his electronics repair business. But something was always preventing him from taking those next steps.

Then he purchased Magnetic Marketing and started taking action...which was just one of the ingredients he used to take his business to make over 1 million dollars in just 90 days!

“Tripled My Business!”

Bill Harrison's business, which serves authors and entrepreneurs who want to get publicity, took a HUGE hit because of the post-911 recession.

But after discovering GKIC marketing tactics that included Magnetic Marketing, Bill was able to triple his business in 5 years...and now is working on a Chicken Soup for the Soul book with Jack Canfield!

“We'd Have Folded By Now If It Wasn't For GKIC!”

Dwight Woods runs a martial arts school and was having trouble differentiating himself from the other schools in his area. He was looking for an extra “edge” in his business so he can attract more students.

He then listened and studied Magnetic Marketing and now he's booked solid! He now knows how to convey the right marketing message so he'll never have to worry about where he's going to get his next student!

“We Are Now In The Top 1% Of Orthodontists Nationwide!”

Dr. Donna Galante had to niche herself in order to stand out from the competition. With an extremely poor economy and increased competition, she was sinking faster than the Titanic.

By listening to GKIC principles, she niched her practice to offer Invisalign...a clear removable teeth aligner that's an alternative to braces. And now she's in the top 1% of all orthodontists nationwide that offers this type of orthodontic appliance!

**These are real results from real people but are not typical results because typically most people won't get off their*

butts and actually do anything. Your results will vary depending on what and how you use the Magnetic Marketing System!

So, How Much Does This Thing Cost???

R-e-l-a-x. You'll be PLEASANTLY surprised.

You could certainly blow thousands of dollars having some writer or ad agency put together just ONE campaign or promotion for your business.

BUT you could also build you a bank of tools to implement TEN major, highly profitable strategies for getting new customers or clients...and developing improved sales AND referrals from present clientele.

Going out to hire all that done...by anybody even reasonably competent...will require tens of thousands of dollars or more.

Instead of being dependent on others **who do NOT intimately understand your business and your customers** ...and are NOT versed in Kennedy-style strategies that really work...

...you CAN be fully empowered to implement truly great marketing *for yourself*.

Best part: it won't cost you \$10,000.00. Not \$5,000.00. Not even \$1,000.00! Almost everybody expects this to carry a price over \$1,000.00.

But, I'm not going to charge you anywhere near the conservative real value.

Now the full value for this program is at least \$100,000. In fact, it's really worth FAR more than that.

Why? Because the 85% done-for-you, copyright-free, ready-to-use campaigns are worth at LEAST as much—considering the money you would otherwise spend hiring a copywriter...going back and forth on revisions...and testing and tweaking...

...that is... *if you were to start from scratch*.

You see, any decent copywriter charges at least \$5000-\$10,000 for a 4-page direct mail piece. And some of them charge \$25,000 and MORE!

So if you did a simple 3-step campaign, expect to spend at least \$15,000-\$35,000...

...Just for 1 campaign!!!

BUT...**if you act NOW**...you'll get MULTIPLE campaigns that are already 85% done for you... AND the rest of the Magnetic Marketing package you can try out Risk Free for 12-months for **just \$497.00**.

Just \$99 For a Full 30-Day Trial and only 2 payments of \$99 after that!

...but this actually must turn out to be FREE...no, scratch that...**to be profitable for you**...or return everything for full refund!!!!

And, after all, how many good customers or clients do you have to get thanks to Magnetic Marketing...that you wouldn't get otherwise... to recover this small investment?

To double your money? *To ten-times your money?*

You'll know very quickly you've made a spectacular investment AND you'll keep profiting month after month, year after year.

Believe me, THIS will NEVER wind up buried on a back shelf, maybe fondly remembered. This is a resource you will return to again and again and again and see it pay dividends every time!

Exclusive Bonus #3 (Worth \$10.95):

“The Ultimate Success Secrets” Book

This little book will reveal the single most CRITICAL factor that determines outcomes and results in a person’s life.

Most people will NEVER know this...and believe me, you’ll experience an immediate change in your life.

This is truly a classic...and 200,000 copies of this powerful book are in print!

Now Maybe You’re Asking Yourself... “Should I Invest In This NOW?”

I’m sure you can come up with lots of reasons to “wait.” Everybody’s instinct is to stop short of pulling out their credit card to spend money...especially now.

You’re probably no exception. And that’s the best reason I could cite for you to *invest in Renegade Millionaire right this minute.*

You see, it’s getting tougher ‘n tougher to get people to pay attention to you. To respond to you. To invite you in. And ultimately, to get out their credit card, checkbook or company purchase order and BUY.

You URGENTLY NEED different and superior strategies and tools to cut through the clutter and competition. You simply have to rise above those weak and panicked discounters slashing their prices.

Now’s the time to motivate quality prospects and customers to come to you, choose you, trust you and buy from you – even

if they are resisting everyone else.

“Waiting” just won’t do. You can’t just “wait this out” for “things to change”. The emerging new economy is going to demand these new and superior strategies *permanently*.

Look, if you are doing really, really well right now and your business is booming – as so many of my clients are – I know you’ll invest in this System.

Winners win for a reason. You are just like me...we’re practitioners of the principle of the slight edge.

We’re always alert for...and investing in...whatever offers potential of even one “gem” we don’t already possess, that may move us further...faster...easier.

Heck, you probably stopped reading five or six paragraphs ago and ordered already, leaving me here talking to myself. I’m not worried about you. I know you’ll take me up on the two-month no-risk, guaranteed test, and I’m certain you’ll wind up thrilled you did.

But...

- if you’re struggling just a tad bit in your business...
- if you have felt the adverse impact of the angst and reality of recession...
- if you’re feeling a bit bewildered why what was working for you is no longer producing good results...
- if you’re frustrated or fatigued or worried...and working like a dog more than 50 hours/week...
- if you’re stuck with “pain-in-the-butt” customers and clients that suck the life out of you...

...Then you NEED me and my System!!

I Know What It’s Like To Have An Empty Bank Account—And An Impending Payroll...

NOW. I haven’t always been rich – remember, I’m a serial entrepreneur. Many, many moons ago, I stood on the bankruptcy court steps...embarrassed...uncertain...and humiliated.

I haven’t always had clarity about marketing, so that I could create income at will as I can now. And I understand from personal experience the stomach-churning night sweats of an impending payroll and an empty bank account.

I am very, very aware that there are lots of small business owners seeing years of hard work put in jeopardy by the present economic slump and (maybe without them knowing it) the emerging new economy...

I know there are lots of consistently successful salespeople suddenly feeling like they’ve woken up in the movie *Glengarry Glen Ross* ... *their status slipping*, questioning their own ability and future.

If by chance this letter reaches you at such a time...or preferably ahead of such a time but with ‘negative indicators’ visible to you...then I tell you in earnest sincerity, THIS is a good and sound and important investment you NEED to make NOW.

Believe me, when Magnetic Marketing arrives at your doorstep and you leaf through the materials, you’ll start to feel hope.

You’ll see all the samples and examples of successful marketing campaigns. And you’ll realize you could easily “swipe and deploy” many of these campaigns to stimulate a cash surge into your OWN business.

Marketing will no longer be a mystery for you. And you’ll have amazing certainty and confidence that you’ll be able to create money at will.

Many of my clients and customers have had to buy new copies of Magnetic Marketing because they’ve worn out their old copy...through making notes, flipping through the examples and samples...and borrowing ideas for their own business.

So go ahead and fill out your information below. And get ready to take your business to the next level!

P.S: If it hasn't already occurred to you...by the time you review the specifics of the system... you WILL conclude this is an outrageously generous, very UNDER-priced offer.

Which will make you wonder: why SO MUCH for such a low price?

Good question. Here's the answer:

I am looking for a long-term, continuing relationship...not just a “sale.” In fact, I teach that ordinary, small-thinking businesspeople get a customer to make a sale...while at GKIC...we make sales to get customers.

A great number of our GOLD Members have been with me for 10, 15, 20, even 25 and 30 years. And I intend for you to be a “lifer” too...because there is so much PROVEN value occurring for you as a result.

But this may interest you: over the years, in all its editions, I’ve sold well over \$30-million of Magnetic Marketing. Always guaranteed. So don’t let this slip away, **order today!**
